LOCAL AND OTHERWISE.

Hon. Geo. S. Sawyer returned on Sunday from a trip to Carson.

The boys are looking every day for more startling war news.

Congressman Newlands and family are at Reno to spend the summer.

Assessor Freudenthal and A. S. Thompson took a run down to Panaca on Tuesday.

The Foley estate case has been on trial at Reno this week with Judge Talbot presiding.

Miss Maggie Clinton came up from DeLamar on Sunday for a visit with the folks at home.

The Pike's Diggings new prospects are situated altogether on the Utah side of the line.

County Clerk Goodrich went to DeLamar on Monday on account of the illness of his son Gene.

The hay crop this year in Meadow Valley Wash is above the average in both quantity and quality.

John G. Brown of Panaca has been under the weather for several weeks from stomach trouble but is now out and around again.

Eagle Valley is a favorite rusticiating place for many this year. Several families from DeLamar are enjoying its freshness just now.

The 24th, Pioneer Day, passed off in Panaca without any special observance. A dance by the young folks in the evening was the only thing out of ordinary.

Dr. Nelson put two men at work on the Ross mine on Saturday and a day or two later left for Salt Lake expecting to return to the mine by the 1st of August.

Messrs Charley and Frank Thompson, Will Denton and the Misses Minnie and Annie Carman went to Panaca on Monday afternoon to enjoy the 24th. dance.

Charley Roe was in from Bristol district this week. He is taking out copper ore from the old Cave mine here and expects to make a run of the little smelter at Bristol within a month or two.

Whooping cough prevails to a very great extent among the children of Panaca and is more severe than at any former visitation. No fatalities are reported from among the children affected, though several have been seriously ill from it.

Dr. W. J. Nelson arrived at Deer Lodge from Salt Lake on Saturday, accompanied by several mining men who will look thoroughly over the district. We hope their inspection will prompt speedy and extensive work there. The general opinion of mining men is that the section justifies it.

C. P. Ronnow of Panaca is at Salt Lake stocking up for the Co-op store. The brick addition of a story and a half, recently made on the south side of the building carries a stock of clothing and shoes on the upper floor, while the lower floor will be utilized for business or family purposes as becomes most convenient.

D. L. Bathurst has been engaged by the board of trustees to take charge of the grammar school here for the coming term. He is an experienced teacher and a good teacher is hoped for. It is not known yet whether the primary department will be maintained separately or not. The number of children in attendance on school at the opening will decide this.

The method of prospecting for ledges as between the Eagle Valley District and Pike's Diggings section, is entirely different. The places are only a few miles apart. At Eagle Valley the formation is principally porphyry, the quartz ledges cropping out prominently in high places generally. At Pike's the formation is something of a granite and porphyry and the ledges are found in the hollows and gulches. It is quite deceiving even to old time prospectors.

SILVER PARTY.  
County Central Committee.

The Silver Party County Central Committee met at the office of Justice of the Peace Hoag at DeLamar on Friday to fill existing vacancies in the committee and arrange for work under the approaching campaign.

Several vacancies existed in the DeLamar representation, M. May, M. O'Donnell and others having gone away. The vacancies were filled and the DeLamar representation on the committee is now composed of H. N. Mayo, Eugene Goodrich, J. R. Hoag, John Shier, Sol Warren, W. M. Fitzgerald, Andy Service and E. D. Turner.

H. N. Mayo is Chairman and Eugene Goodrich Secretary.

The 16 delegates to the State Convention were appointed as follows on the vote of '96:

DeLamar, 8; Pioche, 3; Panaca, 3; Hiko and Bunkerville each 1, the delegates in each precinct to be elected through primary elections or mass meetings called for the purpose, as the precinct members of the Central Committee may determine.

DeLamar decided to elect through a primary election.

The next business of importance will be to arrange for a County Convention. This will be held at DeLamar in the latter part of September probably and a meeting will shortly be called to fix the date and arrange for the election of delegates to it.

Disgruntled.

The fact that Virginia failed to get the Silver Party State Convention has disgruntled some of the people there and the Report pitches into Eugene Howell on account of it, opposes his re-election as Secretary of State and advances reasons for its opposition that are almost entirely personal.

In this section Mr. Howell is judged by his efficiency as well as from a personal standpoint and it is conceded that he is one of the most capable men who ever discharged the duties of that important office.

As Secretary of State the duties are comparatively light, but with State Librarian and Clerk of the Supreme Court, and one or two other ex-officio duties added, the position becomes one which calls for capability on the part of its incumbent.

Howell has never been charged with lack in this regard; he is uniformly courteous and obliging, as all who have had business here can testify and more than one rancher and land owner hereabouts owes him a kindly thought if nothing more, for watchfulness in the State Land Office which has prevented a forfeiture of land contracts there thought a failure to get money there on time.

Whoever the delegates to the State Convention from this county are, they should help to nominate Gene Howell for re-election to his present position.

Ditch Prepared.

The water ditch at Bunkerville was completed on the 19th. inst. All able bodied men of the town were working on it from the time of the heavy storm of rain and hail reported two weeks ago. Most of the gardens were saved and the people were very thankful for it.

The re-opening of the ditch was celebrated with a grand ball. The work was an extensive one as the ditch is some five miles in length and required to be provided with sand gates every quarter of a mile in order that the ever moving quicksands of the river may be released from the ditch and not to clog it up.

Crop Bulletin Report.

The last crop bulletin report issued from Carson says of Lincoln County. In the south portion, weather hot and sultry, highest temperature 118. Threshing begun. Second crop of figs and corn mature. Fair prospect for cane. Water plentiful.

North portion: Wheat and oats ripening. Corn and sorghum doing well. Stock in good condition but ranges drying up in places. Summer apples ripe. Highest temperature 97.

Everybody Says So.

Cascarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, acts gently and positively on kidneys, liver and bowels, cleansing the entire system, dispels colds, cures headache, fever, habitual constipation and biliousness. Please buy and try a box of C. C. C. to-day 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

Eugene Goodrich experienced another fainting spell on Sunday, more severe than those of three months ago. He has been very much under the weather since but will probably be out and around again in a few days.

Political slates are still being made up. As published they read as matter of news to some of the parties supposed to be directly interested and serve to "strike em silly."

John Quinn, is visiting at Ely from Arizona.

Admiral Dewey was always a strict disciplinarian, and occasionally inflicts punishment in curious ways. Once while in a foreign port he suddenly ordered the heaviest tackle to be gotten out of the hold without delay. After two hours hard work his order was carried out, and he then directed that a large cask of tobacco which had been thrown under one of the guns be hoisted overboard. Never again on that cruise was such an unpardonable offense committed.

According to El Heraldo de Madrid, Don Pardo Verde, a Lieutenant-Colonel in the Spanish army, has been compelled to stand on the street corners in that city and beg for alms that his wife and children may not starve. He commanded a regiment in Cuba, and, having been severely wounded, was invalided home. He was unable to collect his pay, and therefore, was forced to beggary. When he begged he wore full uniform, with all his medals.

The Salt Lake papers report a sale of some of Doc. Lambert's interests at Stateline last week. The consideration is placed at \$20,000.00. As a matter of fact however, Doc. got only \$1,000, and from the way he started out for a good time at Salt Lake, and dropped some \$200, in a little game of "draw," at Milford the boys predict that he will return with the cool weather, wise and penitent, and renew drill polishing on some of his remaining claims.

The Nevada Mining Co's creditors appear to be doing well under their lease. Returns from a shipment of ore, concentrates and cyanides are expected in a few days and the present output caused one of the men to state a few days since that he believed 20 per cent of the back pay due the men, besides running expenses, would be made on this month's run.

Beauty Is Blood Deep.

Clean blood means a clean skin. No beauty without it. Cascarets, Candy Cathartic clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin to-day to banish pimples, boils, blotches, blackheads and that sickly bilious complexion by taking Cascarets, beauty for ten cents. All druggists, satisfaction guaranteed, 10c, 25, 50c.

The News says twelve Indian boys and one girl from the Indian school have departed for Carlyle. Upon arrival there the boys will be placed in the band and will serve in that capacity a couple of years in preparation for the big Indian band which is to be sent to the Paris exposition and which will consist of about one hundred pieces.

Probably the largest nugget or mass of silver ever mined was a piece taken from the Smuggler mine Aspen, Colorado, in 1894. The nugget in question formed part of a consignment of 25,001 pounds of ore, which with silver at 53 cents or thereabouts, netted, free and clear of expenses, very close to \$82,000.—Nogales Oasis.

The Readrick Dramatic Company which was billed to appear here and at DeLamar this week and next will not visit this section on account of their inability to secure the Schaefer Grand at DeLamar. The local dramatic Co. there are occupying the hall and propose to give a play every week from this time on.

Three or four of the Summit mill hands were knocked out for several days last week. General bilious symptoms were common with each, but, all occurring at about the same time made some think that slight cyanide poisoning in some way or other was the cause. All are at work again.

The commissioner of internal revenue has decided that all telegraph messages must, under the law, be stamped by the sender. This decision was made under the request of the Western Union officials in New York, who had asked for a ruling.

Red Cross Societies are being organized at various points throughout the northern and western parts of the State. The ladies are very active in this work and their branches are flourishing. Elko, Winnemucca, Reno, Carson and Virginia have them already.

"The DeLamar Company has ordered another steam road wagon. It will be larger and heavier than the present one. These wagons are found profitable on long hauls and wood has to be brought now over 15 miles on some of the routes out of DeLamar.

The issue of the daily Lode has been discontinued at DeLamar. The daily war bulletins were not exciting enough to make the venture pay expenses after the cost of telegrams was met.

It is reported here that the Lane Company, now operating at Ely, will throw up its option on the 1st of August and turn the whole property back to the original owners.

Notice of Sale

of Real and Personal Property By the United States Marshal for the District of Nevada.

By virtue of execution issued out of the Circuit Court of the United States, Ninth Circuit and District of Nevada, docketed the 27th day of May A. D. 1898, in two certain actions wherein in the first of said actions Anglo T. Frendley, Assignee for the benefit of the creditors of Wharton Barker as complainant and plaintiff, recovered a judgment against the Northwest Mining Company, a corporation, defendant, for the sum of \$9,000.00 with interest thereon from the date of said judgment until paid, at the rate of seven per cent per annum, and for the further sum of \$16.87, costs of said action, together with the costs in the United States Circuit Court of Nevada, which said judgment was on the 8th day of February, 1898, for a valuable consideration duly and legally assigned to Joseph Wharton, who is now and was at the date of the issuing of said execution the legal owner and holder thereof, and

Whereas, under and by virtue of said execution and in the cases heretofore set out and mentioned I have issued upon the following described real estate and personal property to wit:

REAL ESTATE.

All of the following mines, mining claims and locations except of the Lincoln Mining District, Lincoln County State of Nevada, and particularly described as follows: The Tough nut, Quaker City, Working Bird, Wall Street, Gracey, Platt, Teahachap, Savage River, Lady Jim, Jubilee, and Silver Star each said Mining claims being 160 feet in length and 600 feet in width.
